

Neverwonder – *Let It Out* - Album Lyrics

1. Help Me

Lyrics by Megan Bobo
Music By Vincent Ramos, Andres Ramos, Scott Ramsay

Verse I

I've got an obvious way to turn things to grey
I change all that is true and make it blue
I've got blinders to light
Living in the dark of night
I wish I had a different view
I can finally see that I
Don't wanna be my won worst enemy

Prechorus

You say the cups half full
But I say it's empty

Chorus

You gotta help me
You, you, you
You gotta help me

You gotta help me
You, you, you
You gotta help me
From myself

Verse II

I've got an obvious way to push people away
At every party
I've got blinders to bliss
Instead I talk a lot of shit
And no one likes to be around me

Prechorus

You see the best
But I see all the rest

Chorus

Bridge

I don't want to be
Caught in negativity
Won't you help me see
Life's positive things
If I'll try, and I'll try, and I'll try and I'll try
If you will, if you will, if you will

Won't you, can't you,
Help.....me

Chorus

2. Wild Out

Looking my best now
Ready to get down
We headed up town
Get on the dance floor
Watching my body go
We bout to let go

Wild Out Tonight
Wild Out Tonight
It don't matter if it's wrong or right
Wild Out Tonight
Wild Out Tonight
Go ahead let it blow your mind

This where the party at
DJ spinnin fat
Dropping the hot tracks
We'll commit ten sins
We'll do it all again
Craziness won't end

Prechorus

Chorus

Bridge

Lyrics by Blowstaxx
I'm where the wild things at
It's looking like a mosh pit
I party like a rockstar
I aint on that posh shit
Swagger on amazing
Arena or a basement
Shorty drop it low
Like She neo in the Matrix
You know we got that bounce
Make you stand up on the couch
I bought a hundred ones
And I'm Bout to throw em out
We all taking shots
Get it poppin when we finished them
Jump around crazy
People like is he an idiot
If you out in Hollywood
Or kegging out in Iowa
Turn the party out
Make it crazy
Make it riotous
You know we monster mashin
This is not the monserts
This your boy staxx
Kicking rhymes with Neverwonder

Verse III

Feelin all the love
Flying high above
We can't get enough
You all know this my shit
Don't stop singing it
Oh oh ohs

Prechorus

Chorus

3. It's All Good

Lyrics by Megan Bobo
Music By Vincent Ramos, Andres Ramos, Scott Ramsay

Verse I

When I thought I had lost it all
When I thought I was bout to fall
Luck came my way
It's a brand new day
My life is turning all around
I'm dancing here
I'm bout to get down
With everybody
Everybody

Prechorus

So if you've been in my shoes
Then you know just what to do
Put a smile on your face and let's celebrate
That

Chorus

Everything is fine
It all worked out in time
I'm smilin'
Like I should
Lookin' up from here
It's all crystal clear
I'm smilin'
Like I should
It's all good

Verse II

Listening to my head and heart
Realizing that I've come far
It's reassuring
That I can do anything
Nothing can stop me now
I'm dancing here
I'm bout to get down with everybody
Everybody

Prechorus

Chorus

Everything is fine
It all worked out in time
I'm smiling
Like I should
Lookin up from here
It's all crystal clear
I'm smiling
Like I should
It's all good

Bridge

I always heard them say
Good things come to those who
wait
I paid my dues and now I got a new
attitude
And I got through the good
But I had to go through the bad

And now I can appreciate just what I
have
In this good life of mine
Oh in this good life of mine
Everything is fine

Chorus

4. Enough

Lyrics by Megan Bobo
Music By Vincent Ramos, Andres
Ramos, Scott Ramsay

Verse I

When life gives me lemons
It's hard to make lemonade
It's hard to say something nice
When I've had a hard day
And that day drags on
From one month until the next
And I'm so boggled down
In my life's regrets

Prechorus

Questions fill my mind
And I'm askin why

Chorus

Why when rains
Does it also pour
It's not just one thing
It's always something more
It's not just a day
Or even a month
I feel like I'm buried
Enough is enough

Verse II

The paycheck hasn't come and I
can't pay my rent
No money for gasoline
And no gas to hang with friends

I spend my days at home
I spend them all alone
Waiting for things to change
So I can have a sense of control

Prechorus

Chorus

Bridge

What can be done
Now that I've tried it all
Just have a glimpse of better days
Just to have a glimpse of hope
Of hope
It's gotta be
It's gotta be soon
Cause enough is enough
It's enough, it's enough

Chorus

5. Let It Out

Lyrics by Megan Bobo
Music By Vincent Ramos, Andres
Ramos, Scott Ramsay

Verse I

Who's hiding within
Who's voice is held on mute
Who's being undeveloped
Who's eyes to blind to see
Indifferent to life
Indifferent to the truth
Devalued by the silence
Devalued in self misery

Chorus

What's to be afraid of
What's the worst to be
Just let it out
Just let it out

Change yourself
Take away your doubt
Just let it out
Just let it out

Verse II

What's bottled up
What's buried deep inside
Keep it hidden to stay an unfound
life
When lies on the moment
When is prevailing now

Chorus

Bridge

Oh...oh...
Where's your padded lock
Where's your golden key
Unlock it to set you free
Where's your padded lock
Where's your golden key
Unlock it to set you free

Chorus

6. Superior

Lyrics by Megan Bobo
Music By Vincent Ramos, Andres
Ramos, Scott Ramsay

Verse I

I know you can't relate
There's just some things you think
That I'm not supposed to say
Might sound cocky or rude
But I'm feelin' good, so I'll speak the
truth

Prechorus

I gotta a cute face, a nice ass, a smart mind
I'm hot, Rated 9.9
Girls wanna be me and guys want time
I'm just too fine
Cause

Chorus

I.....am superior
(spoken) Don't hate me cause you aint me

Verse II

Now I know you're pretty offended
But, All I'm really trying to say is
Oil don't mix with water
And spam aint like steak

Prechorus

Cause I'm name brand, high class, a celebrity
You want to be me

Chorus

I....am superior
You can never, never be me
I....am superior
You can never, never be me
I....am superior

Bridge

Oh...
I've always prayed every night asking God. Why? Why did you make me so beautiful? The praise, compliments, and stalking from children, men and women.
Reminding me of my beauty and perfection. And then I just know that I won't ever settle

No one's on my level
Cause I'm just too fly
I could have any guy
You know it's the truth
I'm better than you, you, all of you

Prechorus

I gotta a cute face, a nice ass, a smart mind, I'm hot rated 9.9
Oh aren't you blessed
To be in my presence

Chorus

I.....am superior
You can never, never be me
I.....am superior
You can never, never be me
I.....am superior

Outro

Everytime you look in the mirror
You'll remember that you are inferior
And you'll know
That I'm superior

7. The Edge

*Lyrics by Megan Bobo
Music By Vincent Ramos, Andres Ramos, Scott Ramsay*

Verse I

What happened to me
Can't I see
My future's bright
Where did I lose it
I can't tell
What's wrong or right
A difficult struggle
Between the past and the future
I try to separate them
But I'm still in denial

Prechorus

For all to see
Everyone's telling me

Chorus

I'm on the edge
About to hit rock bottom
I'm on the edge
And I can't see tomorrow
Only I
Can make the choice
to get off the edge

Verse II

The children suffer
Yet I won't take the blame
For my decisions
I hide behind the pain
I've gotta seek help, put the bottle down, push the anger away, save myself today,
Battle my demons, a difficult plight,
seek within it might save my life

Chorus

Bridge

They're beggin
For my sake
For their sake
For our sake
That'll I'll see
my self worth
And not
Accept defeat

Chorus

8. Spinning

*Lyrics by Megan Bobo
Music By Vincent Ramos, Andres Ramos, Scott Ramsay*

Verse I

My arms are limp
And my legs they are heavy
My mouth doesn't work
And my mind, it is empty
I'm lost in time
And I don't want to move
Cause all that I want
Is wrapped up in you

Chorus

And I feel like I'm spinning
When you walk into the room
Captivated by your presence
Imaging I'm with you

Verse II

I live invisible
Wishing you would see me too
My nerves won't let me try to talk to you
So here
I am
And my song it is real
My heart keeps racing to tell you
How I feel

Prechorus

Right here
Right now

Chorus

Bridge

I've bottled it inside
I wish you could read my mind
Hope you'd walk my way

I anxiously await
For you to feel the same way
Won't you feel the same way
I'm lost in time
And I don't want to move
Cause all that I want is wrapped up
in you

Chorus

9. Don't Want Nothin'

Lyrics by Megan Bobo
Music By Vincent Ramos, Andres Ramos, Scott Ramsay

Verse I

Everytime we're in a fight
Everytime we disagree
You're never sayin nothing new
It's all about
What you've given me
I'm sick of feeling like I owe you
something
From now on
I'm telling you I don't want nothing

Chorus

No I, No I
I don't want Nothing
No I, No I,
I don't want Nothing
I don't want Nothing

Verse II

My gratitude is wearing thin
My gratitude is gone
You've been holding it over my
head
For way, way too long
Your money aint a weapon
And your gifts can't buy my love
Don't hold them as leverage

I've had enough

Chorus

Bridge

Lyrics by Ken the Gentleman

Yeah, yeah, yeah, yeah
Together we stand
Divided we fall
I gave you everything
Now you want nothing at all
I'll pick you up
If you should ever fall
9-1-1 Better make that call
Girl, I swear there's something in
the air
Now you fed up acting like you don't
care
Life was good when you was by my
side
Now I'm left with one question...why
Girl, you deceive me
How you gonna leave me
I'm not gonna let you get away that
easy
One plus one equals two
Me and you
I'm down forever
Tell what you gonna do

Chorus

14. Movin' On

Lyrics by Megan Bobo
Music By Vincent Ramos, Andres Ramos, Flint Mavis

Verse I

Got caught in the spell of your game
Was willing to trust everything you
said
A year and a half passed and no
change
Saw your deceit and manipulative
ways

Chorus

Think I'll break down
I'll fall apart
Think I'm weak
I'll prove you wrong
I won't break down
Or fall apart
Cause I'm strong
And I'm movin' on
I'm movin' on

Verse II

Can't string me along
The leash is broke
Not a love sick puppy to feed your
ego
That's for your other girls
Yeah, I found out
I'll be one less lie for you to worry
about

Chorus

Bridge

Can't string me along
I can do better
I'm movin' on right now
Got my ammo
You thought I'd wait around
But now I finally found out that I
Gotta get out
Go
Can't take no more
That's why I'm movin' on

Chorus

15. Lucky

Lyrics by Megan Bobo

Music By Vincent Ramos, Andres Ramos, Flint Mavis

Verse I

Lucky for you
Lucky for me
Found each other
Won the lottery
They say its luck to find true love
Against the odds
A million to one
To my surprise
Just by chance
Knew it was you to be my man

Prechorus

Now that you have me
And I have you too

Chorus

Loving you
Is so easy
Lovin you
Makes life complete
Lovin you
Is so easy
Lovin you
Makes me lucky
Living life lucky in love

Verse II

A Fairy tale
Oh oh yeah, a dream come true
My prince charming rides in glory
To rescue me
My Cinderella story

Prechorus

Chorus

Bridge

Done gambled with love
My bluff was called
Like a diamond in the ruff
It soon came along

Quick the mind can switch
Tell me are you feeling this
A past cynic of love
Oh yeah
Used to think that it was only for
fortunate ones
Til love hit me and I found my
treasure
A true love to last forever

Prechorus

Chorus

16. Is This The End

Lyrics by Megan Bobo

Music By Vincent Ramos, Andres Ramos, Flint Mavis

Verse I

No words as if I don't exist
There's nothing to say
I've been dismissed
Wonder what I must have done
Wonder where this is all coming
from
Just speak so then I'll know
Just speak and I'll let you go

Prechorus

Oh... free me
Of my curiosity
Oh...free me
Of my lone feelings

Chorus

I don't want to say goodbye
Can we give one last try
I don't want to say goodbye
Is this the end

Verse II

The unknowns when it comes to
love
Can wear you down push or shove
Only you can make this right
Only you can shed some light

Prechorus

Chorus

Bridge

Oh, oh yeah
I have no regrets
You know how I feel
Silence won't make me forget what
was real
Open your eyes and then you'll see
That no one can ever care for you
like me
Care for you like me oh
No no

Verse III

Move on is what they say
Move on, you can't make him stay,
no
And in my head I know their true
But deep inside I still
I still
Yearn for you

Chorus
